BOARD RESOLUTION - SAMPLE

Requires signature from all three partners

This sample resolution is used to test signing the same uploaded document multiple times in sequence - once per partner (Sanjay Pande, Girish Shivani, Sunil K Goyal) - producing three separate signed output files and three audit log entries that all reference the same original document hash.

This is not a real board resolution.

Sanjay Pande:

_____

Signature & Date

Girish Shivani:

_____

Signature & Date

Sunil K Goyal:

_____

Signature & Date
